

Pre-Build Visualisation Service

£495 per room

Step inside your new space, and reveal your home's potential, before you commit any build budget. We bring your extension, home remodelling ideas, or architect drawings to life virtually, with our pre-build 3D visualisation service. Created to your specific room dimensions, you can make home investment decisions with confidence before you commit budget.

Photorealistic visuals to scale

3D Floorplan

Includes everything you need to look around inside your new space:

- 4 x 3D photo-realistic images per room for a 360 degree view
- 2D and 3D floorplans
- Interior video tour ([click here](#) to take an example tour)

Cost: £495 per room

Email us at jo@mayinteriors.co.uk to enquire. Visualisations can be completed remotely or in-person, depending on your location.

*Please note that a multi-zone open plan space may be charged as multiple rooms for this service, depending on how many different areas you would like visualised.

*All furniture and finishes shown in your visualisation are for illustration purposes only, this service does not include interior design. You can find more information about our interior design services [here](#)
